## WSST Field Trip

---

This assignment provides you with a broad exposure the field of science teaching. You are required to attend a portion of the upcoming *Wisconsin Society of Science Teachers* meeting, March 23-25 at the KI convention Center & Regency Suites in Green Bay, WI. For registration information, go to [www.wsst.org](http://www.wsst.org).

The minimum requirement for the WSST Field Trip is to spend one complete morning or one afternoon (4 hours) at the conference site. This can be spent participating in workshops, attending talks, or just interacting with colleagues. Please take careful notes of your experiences.

When you are finished, report your findings/reflections in 2-3 pages (double-spaced, 1" margins). What did you learn? How might you apply this knowledge? Was the field trip worthwhile? The report counts toward 5% of your final grade.

*WSST Field Trip reports are due Monday, April 2 at the beginning of class.*
